

Akhenaten — an instrument of Jewish subversion

The decay of Western Civilization, which is taking place in every segment of it and which we are all witnessing today, is not an isolated phenomenon of the modern age, but it represents the final phase of the millennial war that the eternal parasite — the international Jew — is waging against the White Race. The strategy of this Jewish war against the White Race is based on changing the consciousness of the Aryan peoples through spiritual viruses.

The most destructive of these mental viruses are the Abrahamic religions (Christianity and Islam), as they are essentially means of spiritual castration by which the Jews cut off the Gentiles from their Natural Gods and turn them into their obedient slaves. By infecting the spirit of the victim (Goy) with the Abrahamic virus, the parasite (Jew) establishes control over her consciousness, which enables him to distort her perception and paralyze her defense mechanisms. After the victim loses her immunity, she becomes completely powerless to free herself from the Jewish parasite, which is no longer prevented from eating her whole being.

It is important to point out that Christianity and Islam are basically just some of the many manifestations of the Abrahamic virus through which the Jews devour the spiritual essence of the Gentile peoples. One of the manifestations of the Abrahamic virus, which in every way represents the forerunner of Christianity, is Akhenaten's monotheistic cult in Egypt. Although official (kosher approved) history presents Akhenaten as "the great reformer", the multitude of facts that international Judaism hides from the public eye expose this pharaoh in its true light: as a programmed puppet through which the Jews established a Bolshevik dictatorship over ancient Egypt and attempted to destroy its civilization. Based on the physical characteristics of this pharaoh, as well as his political activities, it can be concluded that he was not an Egyptian at all, but a racial foreigner in the true sense of the word.

An unnatural, almost reptilian physical appearance characterized by numerous congenital malformations, as well as serious mental problems, support the claim that Akhenaten was of Jewish origin. Physical deformities and mental illnesses are the result of incestuous relationships that Jews regularly

engage in. This fact is confirmed by the long list of genetic diseases that are considered exclusively Jewish.

Akhenaten was known as an extremely unstable personality prone to delusions, lying, megalomania, paranoia and a multitude of bizarre obsessions, who, due to the state of despair he brought Egypt to, will be remembered in real history (not the kosher-approved one) as a ruthless tyrant. The pathological tendency to tyranny and violence is a consequence of sexual perversions that are the result of incestuous relationships within the individual's family tree.

It is enough for any reasonable person to pay attention to Jews like Karl Marx, Sigmund Freud, Leon Trotsky, Ilya Ehrenburg and Lazar Kaganovich and he will be convinced of the truth of the above. In all prominent Jews — starting with the Old Testament prophets, through the saints and apostles, all the way to their modern revolutionaries, “intellectuals” and promoters of “equality”, “diversity” and racial mixing — one can easily see a pathological obsession with violence, bloodshed, destruction and sexual perversions. The entire Old Testament that the Jews are so proud of is essentially a bunch of the crudest pornographic stories about incest, adultery, throat slitting, genital mutilation, mass killings of Gentiles, etc. Ben Klassen has also written about this in his works. I would especially recommend that readers carefully study his books: “The White Man’s Bible” and “Nature’s Eternal Religion” in order to properly understand this matter.

Akhenaten’s Jewishness is also clearly visible in his deep hatred for the Egyptian Gods — the natural racial protectors of the Whites who built that civilization. His prohibition of the Egyptian polytheistic religion and the violent imposition of monotheism are a textbook example of the Jewish castration of the Goyim from their Natural Protectors and their enslavement to Yahweh. By cutting off the Goyim from their Racial Gods, the Jews fulfill a key prerequisite for the enslavement of the Goyim: they destroy their spiritual basis, which represents the source of all mental processes that take place on a conscious level. The inevitable consequence of the spiritual death of any race is its extinction in the physical sense. Fortunately, Akhenaten and the Jews around him did not succeed in using their violent methods to erase the spiritual basis of the Egyptian people, who returned to their natural religion immediately after his death.

The attempt to Judaize Egypt through monotheism was essentially just a blueprint for a much larger Jewish subversive operation: the destruction of the Roman Empire. The spiritual virus of Christianity did that job

perfectly for the Jews — it enabled them to destroy the largest Aryan empire until then, and cast the Whites into an abyss of despair, ignorance, disease and filth. The most developed form of the Christian virus — Communism — enabled the Jews to commit genocide against the White race in the 20th century in the literal sense of the word; their party commissars are responsible for the deaths of more than 60 million Whites in the Holodomor (deliberately induced mass starvation).

Christianity is today the main obstacle to the proper racial awakening of Whites because it is precisely this perverse religion that still keeps them in spiritual slavery to the Jews. The germs of the Christian virus that have been inserted into the subconscious of many Whites create for them, on a conscious level, a completely distorted perception of reality: they present to them an inferior parasitic race — the Jews — as “God’s chosen people” and in this way paralyze all defense mechanisms against them. It is precisely thanks to this that all “pro-White” Christians are completely paralyzed when it comes to taking decisive action against the Jews who have managed to impose themselves on them as their masters, even in the unconscious sphere. Just as parasitic species of ants emit high-frequency sound impulses to stun their victims, so too do Jewish parasites use sound vibrations to paralyze the defense mechanisms of their prey. Christianity is therefore an extremely complex system of sound vibrations with which Jews stun their victims — the Goyim. This clearly shows why Christian generals betrayed Hitler at key moments.

Therefore, all “pro-White” Christians need to decide who they are loyal to — their Aryan/White Gods (their ancestors) or the Jewish tribal deity Yahweh who wants their destruction. Quite simply, you cannot defeat the enemy as long as you worship his God.

Even if we leave aside Akhenaten’s genetic origin, a lot of reliable data confirms the fact that his rule in Egypt was basically a Jewish dictatorship over an enslaved people. The Jews who brought Akhenaten to power skillfully used his insanity and fed his megalomaniacal delusions to get him to pass laws that would allow them to take complete control of Egypt. They persuaded him to allow them to establish a State Food Bank in which all grain stocks for the “coming hungry years” would be stored. He gave them complete freedom to implement their idea. In this way, the Jews literally became the masters of all food supplies in Egypt, and the Egyptians — their slaves, whether they were aware of it or not.

Since the army depends on regular food deliveries, with this turn of events, it fell completely into the hands of the Jews, who could now use

it to brutally deal with their opponents. The Egyptian people now officially became the property of the Jews.

When the Jews, as masters of the National Food Bank, increased the prices of grain astronomically, the Egyptian people fell into despair. The vast majority of Egyptians were forced to gradually sell all their property in order to buy grain and meet the food needs of their families. In the end, after they had nothing left of their possessions to sell, they would sell themselves into slavery in order to survive. It is quite logical to conclude that all their property ended up in the hands of Jews for a ridiculously low price.

The described process represents a universal scheme of Jewish enslavement of healthy Goy people. By collectivizing the country's food supply, the Jews turned Egypt into a communist dictatorship — the ancient Soviet Union. Their rule of Egypt during the time of Akhenaten is essentially a sketch of the Judeo-communist reign of terror in the USSR. We can conclude with complete certainty that all the Jewish leaders in the Soviet Union, from their early childhood, drew their inspiration for the establishment of a slave order in that state system precisely from this unfortunate episode of Egyptian history. Just as in ancient times it undermined the Goyim civilizations and brought them under its control, the parasitic Jewish race, having secured for itself through terror and mass murder of its opponents the status of the ruling elite in the newly proclaimed communist empire, turned the whole of Russia into a concentration camp in which millions of people, like slaves, fed it with their own blood and sweat.

Jewish control over Egyptian society resulted in its decline at all levels. The best members of society were systematically stripped of their legal rights — and even their livelihood — while at the same time privileges, power and influence were given to the most inferior elements. In a word, the White Egyptians became outcasts in their own country, and their place was taken by the colored races with whom the Jews overran Egypt. The forces of order lost all authority, and thefts and murders took place in broad daylight, and people pretended not to see anything. Egalitarianism was forcibly enforced in every segment of society; the worst elements (under the protection of the Jews) forced the rest of society to love them, adapt to them and satisfy their wishes. Anyone who dared to express an unpopular opinion would have his life threatened; the mob would have complete freedom to lynch him to death.

In his chronicles, the ancient Egyptian priest accurately described the process of decaying his country under the parasitic (Jewish) authority. The

following is a passage from his records:

“Semites have moved into Egypt. They have seized the harvests, diverted the streams, and drained the fish ponds. The custom of ritual, sanitary burial has been abandoned, and dead bodies are now thrown into the river. Social chaos abounds in the land, and the natural aristocratic order has been turned upside down. Murder happens in broad daylight, and people look the other way. The ties of kinship have been weakened so that men no longer love their brothers. Everyone demands to be accepted as they are, saying ‘Love me!’ but everything good in life has disappeared. Property is taken away from its rightful owners and given to others. If someone ventures an unpopular opinion, others reach for sticks and say ‘Kill him!’ The people become poorer while taxes and bureaucrats increase. The better people lose so that the inferior might gain.”

As anyone can conclude from the above, the state of Egyptian society at the time of Akhenaten accurately describes everything that is happening today in the former White countries. A nation that allows parasites (Jews) to cut it off from its Natural Protectors — the Gods — is doomed to become their slave and eventually die out. The time has come for White people to finally cleanse their minds of the Jewish poison and return to their Gods — for only They (as their direct biological ancestors) can ensure their survival on this planet. Awakening the connection with the Aryan Gods that exists on the unconscious level of our being is the basic prerequisite for achieving a spiritual rebirth from which a New White Civilization can be born, whose creativity and progress will surpass all existing societies and previous empires.
